4TH OCTOBER 2025 - A LETTER FROM THE FUTURE

Dear RTE Family,

It's RTE day - the annual running community event of the year! This is a Festival like no other. Why? This is the first event where diverse communities are the centre piece, running through an area rich in innovation and creativity, the Chalkhill Estate. You're part of history.

So in addition to you all, there will be spectators and local residents making the Ends a local hotspot! Please respect the community, plan your journey in advance and be sure to arrive at our Festival early to take it all in with some familiar and new faces.

This is our Festival, we #runtheends.

Kind regards,
Leon Parkes
Founder, Run The Ends

WHAT'S NEW?

BOXPARK FESTIVAL VILLAGE

For the first time, we're bringing the Festival Village indoors. BOXPARK will host our official Festival Village – a space to connect, refuel, learn from innovating Founders and celebrate. Music, food vendors, and a vibe that carries the energy of the race straight into the rest of your day

FULL 5K ROAD CLOSURE

For the first time ever, we've secured a full road closure for our Community 5km route. It's a huge milestone for our growing Festival - it means you can enjoy a clear, uninterrupted course right through the heart of the Estate! The team has worked tirelessly all year to make this happen, and it marks a big step forward in building the infrastructure to support even larger crowds in the future.

To celebrate this progress, we're introducing our first official race medal – The Compass Rose. It's a symbol of direction, movement, and purpose, and it's something every finisher can wear with pride. We've also added chip timing to ensure accurate results across all race formats, and expanded our volunteer to keep things smooth and efficient on race day.

NEW ADDITION WOMEN'S STREET RACE

We have pioneered our incredible Street Race Relay format with the introduction of the Women's Street Race. As more active spaces open up and more women take to the streets, we wanted to create a race that celebrates that. It's about visibility, representation, and creating space for women to lead from the front.

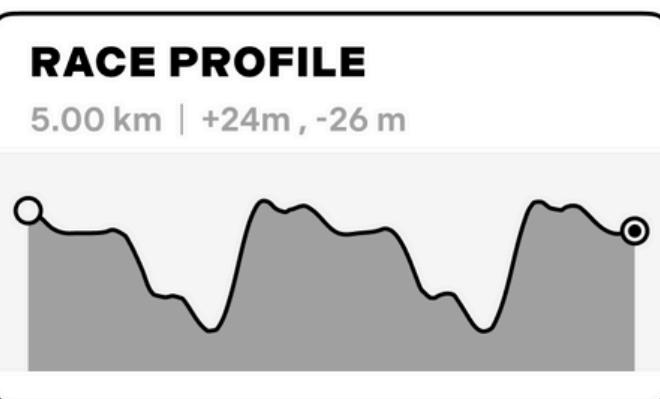

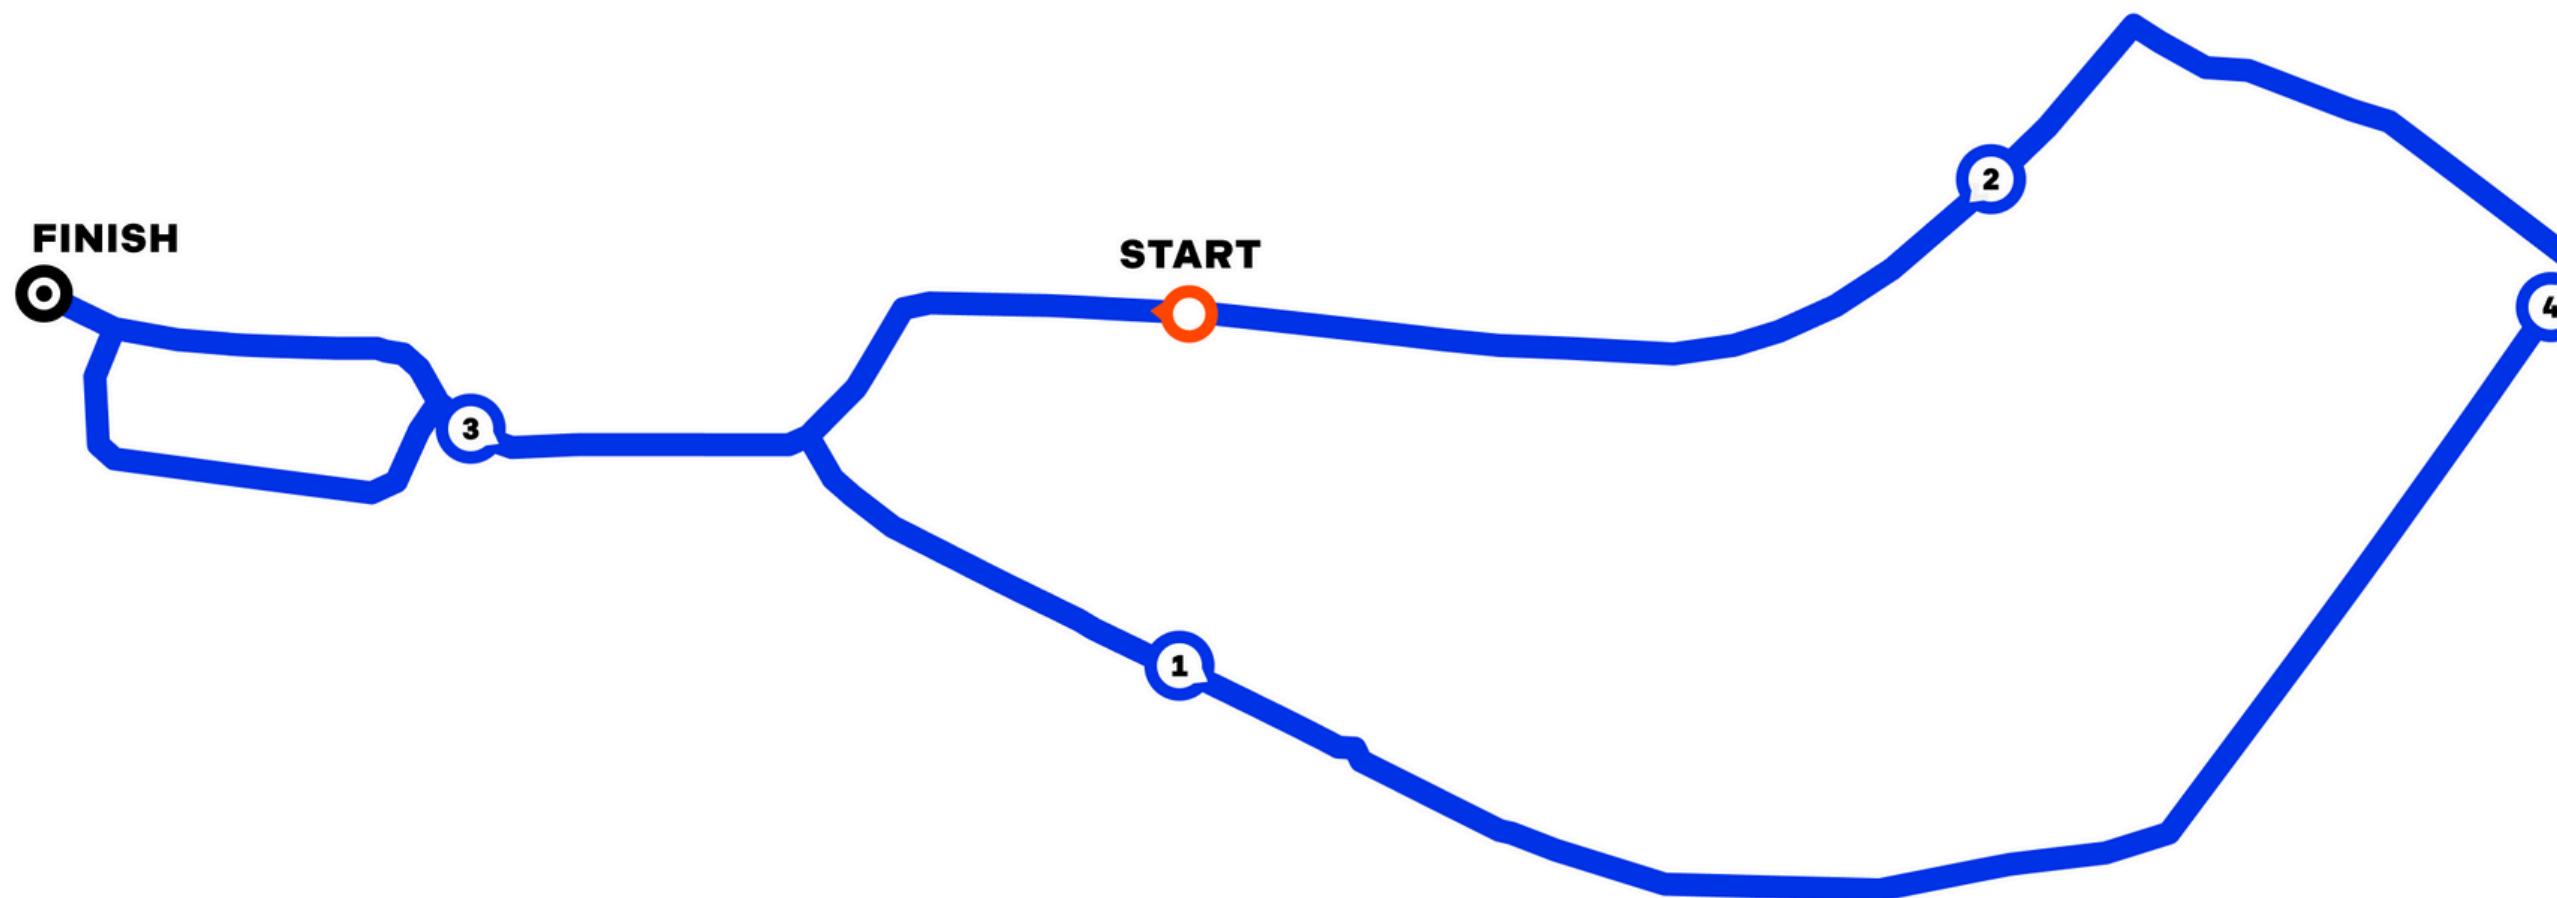

Overall, 13 teams from some of London's finest run communities will go head-to-head in a fast-paced showdown with the mixed race returning. Last year's winners 'Ldn slct' look to defend their title against some new additions such as run crew royalty Run dem crew; Overtime Club; Pana Run Club; Povs Run Club. It's fast, competitive and only one crew will come out on top.
